## VISION

**“To be the first choice in business governance”**

## MISSION

To Contribute to the growth and development of the Colombo University MBA Programme. Partner in the country's economic and social development, by contributing to the national education programme. Build and promote business, cultural relationships and links with other Associations having similar purpose here and overseas. Improve professional and personal life of members.

## OUR ASSOCIATION

The MBA Alumni Association - University of Colombo is a growing professional body of MBA Graduates of the University of Colombo with a 700 plus membership. It is an independent body affiliated to the University and it has been in fruitful existence since 1997.

The Association has established itself as a well known Association of professional managers with its members holding responsible positions in the areas of Management, Banking & Finance, Human Resources, Marketing, Engineering and IT in reputed organisations in the corporate and state sector.

Its plethora of membership activities includes developing management and knowledge skills of its members, MBA students and other corporate executives. We work towards enriching the quality of professional and social life of MBA students graduating from the University of Colombo.

The Association also contributes to the general socio-economic development of the country through various programmes and activities carried out by its vibrant and dynamic executive committee with the support of the membership and others.

## A New Logo

From its inception in 1997, the MBA Alumni Association of the University of Colombo has actively enhanced the MBA program of its respective University. It is now proud to be a leading business forum for professional development in Sri Lanka. This elevated status raised the need to resemble its branding to fit its vision - "First Choice in Business Governance".

A unanimous decision was taken to rebrand the logo as a key action point at the brainstorming session held in July 2019. A logo committee consisting of 17 members led by the Secretary of the Association was appointed to work with Berkinster Studios to develop a novel concept.

This was a challenging task given the association's broader mission, values and attributes. Yet the direction was set; to venture out of the box in creating a simple yet distinct mark. After dozens of concepts and hundreds of iterations something unique was born.

The result was a dynamic logo that cleverly resembles the University of Colombo while conveying the core values and attributes of the Association.

## MESSAGE FROM THE PRESIDENT

I pen this message, at a time when the world is devastated with an unprecedented Covid-19 pandemic which has claimed many innocent lives. During this two month lockdown period, it has given us a moment to reflect, pause from our hectic corporate life to realize what's really important in life – good health, happiness and taking care of our loved ones.

Last year, on 27<sup>th</sup> June 2019, I took over the leadership mantle of the Association, at a time when the country was slowly recovering from the brutal April Easter Attacks. The Theme under my Presidency was **“Serving the Nation with Pride”**. As professionals, it's our duty to influence the policy makers to create a better tomorrow for our citizens and future generations.

During the year, we couldn't carry out some planned project activities due to reasons beyond our control (explained in detail in the Operational review), which resulted in a financial loss. However, in an intangible front, the Association has been able to create a stronger bond with our Alma Mater, University of Colombo. This year is also symbolic, as we took the initiative to rebrand our Association's logo to suit the changing times after a period of 23 years from its inception.

Although it was a challenging year coming to an end, yet we persevered. Let me place my appreciation to the Executive Committee, who supported me in this journey. I take this opportunity to wish the Incoming President Ranga Ratnayake and his team for a successful tenure.

I also wish to thank the Vice Chancellor Senior Prof. Madam Chandrika Wijeratne, Registrar Mr. Edward, Dean Dr. Pradeep Dharmadasa, MBA Coordinators, and the Non-Academic Staff who have always been accessible to us in spite their busy work schedules.

My warm thanks goes out to the Editor of Daily FT- Mr. Nisthar Cassim and Mr. Chrishantha Jayasinghe – Managing Director Sarva Integrated who have supported us in our media communications and design creatives.

Last but not least, I wish to place a special Thank You to the Members of the Association residing both local and overseas who came forward during the Covid-19 pandemic to share their knowledge to the undergraduates through online webinars, and the overwhelming support received for our fund raiser, collecting Rs. 505,000 to help our undergraduates who are facing financial constraints.

## MESSAGE FROM THE VICE CHANCELLOR

I congratulate Madam President and members of the Executive Committee of the MBA Alumni Association of the University of Colombo (UoC) on the occasion of the 23<sup>rd</sup> Annual General Meeting of your esteemed Association, being online for the very first time.

The University of Colombo is conscious of the numerous challenges that you, as leaders of the corporate sector, had to face over the previous year with equanimity and determination. The lessons you learned and the experience gained being ably shared with our student and academic community is much appreciated.

The UoC also encountered parallel challenges over the past year, that required our conscious attention and appropriate action on issues ranging from national security, ethno-religious harmony to health and safety. Your presence at many of these events organized by UoC added much strength to our purpose and provided professional and moral support to our endeavors. I thank you once again for your relentless pursuit to inspire and support our students. You are indeed their role models.

The COVID 19 pandemic has created new problems while also opening up new vistas for virtual learning and effective function. The UoC community is very appreciative of your association's early response to discuss the issues faced beyond health.

I wish the MBA Alumni Association of the University of Colombo the very best and do look forward to your continued support for the Faculty of Management and Finance to sustain a connected view of education, service and research.

Stay safe and well!

Yours truly,

**Snr. Professor Chandrika Wijeyaratne**

Vice Chancellor  
University of Colombo

## MESSAGE FROM THE DEAN

At the outset, on behalf of the Faculty of Management & Finance of the University of Colombo, I congratulate on your well-deserved success during the year.

Last year you were able to organise two very productive seminars - "Future of Sri Lanka: View of Political Next Gen" and "Economics of the Covid -19" Webinar with industry leaders. The Economics of the "Covid-19" seminar recorded an overwhelming response and the discussion was focused on how the country's economy will survive with the "Covid-19" pandemic and its unprecedented economic and business challenges.

The MBA Alumni Association promotes friendly and professional alliances amongst its members for the best interests of the business community. They also focus on issues related to welfare and educational activities of both postgraduate and undergraduate students of the Faculty. My Faculty thanks the Association for coaching skills development program of undergraduates.

The Faculty is grateful to the Association for providing tangible and emotional supports over the period. I expect that we continue to support each other and work as one strong team for our university, industry and our country. I take this opportunity to express my earnest appreciation to the outgoing President Ms. Manohari Abeyesekera and her team of Executive Committee Members and also to congratulate the incoming President and Executive Committee Members.

## MESSAGE FROM THE TREASURER

It is a great pleasure and an immense honour to present the Audited Financial Statements of the MBA Alumni Association University of Colombo for the year ended 31<sup>st</sup> March 2020. I thank the Association and its membership for the trust that they placed in me by appointing me the Treasurer for the term 2019/20.

The year under review has been a challenging year due to the economic and political uncertainty that prevailed in the country and later the global pandemic Covid -19. In the midst of such challenges, our dynamic Executive Committee managed to organize various events to the benefit of the members and the society at large.

Investment in fixed deposits has increased up to Rs 9.06 Mn, an increase of 8.89% compared to the previous year despite us recording a loss this year due to the cancellation of the usual signature events such as the Pre Budget Forum and the Post Budget Forum as there was no government budget presented during the term 2019/20. We enrolled 39 members during the financial year where we earned Rs. 390,000/- as membership income. Four members submitted the applications last year, but completed this year.

I extend my gratitude to all of our sponsors, media partners, event partners and our members who contributed to our programmes during the year.

Even though 2020 will continue to be a challenging year for the Association due to Covid 19 pandemic, I am confident that the Association will find innovative ways to continue its contribution towards its members, the University and the society.

My special appreciation goes to the Vice Chancellor Snr. Professor Chandrika Wijeyaratne and the members of the Faculty of Management and Finance of the University of Colombo for their valuable support and encouragement. Finally, my sincere gratitude goes to the President, my fellow Executive Committee members and all the other members of the Association who extended their support and contributed to another great year.

## OPERATIONAL REVIEW

### OVERVIEW

The year commenced with a Brainstorming Strategy session held at Jetwing Beach Negombo. Mr. Priyanga Dassanyake came as the resource personnel, providing a unique session on leadership and team work based on Lego models. During the Strategy Session, the Executive Committee unanimously agreed to opt for a new logo to resemble the Association in a more dynamic manner.

The first public event was held in the first week of September 2019, where we were able to bring in the youth wing leaders of all mainstream political parties under one platform to listen to their aspirations and to hear what are the bottlenecks affecting them. This was a unique event held at the Kingsbury Hotel, which was graced by the Madam Vice Chancellor, where the public was able to listen to the future leaders, at free of cost.

The next event in which we had our efforts pinned was to invite the leading Presidential Candidates to a single platform for a live-debate on their vision for Sri Lanka, on topics of economy, health, education, inclusivity etc.; similar to the lines of the US Presidential Debates. Unfortunately, this didn't become a reality, due to some of the prominent candidates not accepting our invitation to participate on one stage. It's our belief that in the years to come, our nation and the country's election laws be revised to include debates bringing in all Presidential candidates to one common stage, where as citizens we could evaluate our leaders in a more decisive manner. We then looked at an alternative forum with leading economists, to review the Policy directions leading up to the Election. However, we had to abandon this event as it was too close to the timelines imposed by the Election Commissioner for public events.

As you may be aware, the Association's flagship events are the Pre and Post Budget Sessions. However, both these events didn't materialise as 2019/2020 was an election year, where there was only an interim budget to finance the Government activities. This had a dent on the Association's financial performance, resulting in a financial loss for the year. However, we were able to manage the Association's finances without uplifting any long term fixed investments, which has increased to over Rs. 9 Million.

From an intangible qualitative front, we were able to build up a stronger relationship with our Alma Mater University of Colombo. Our sincere thanks goes to our Patron and Vice Chancellor, Madam Senior Professor Chandrika Wijeratne who has been a tower of strength to us. We have partnered with the University in supporting the University's MBA program, by providing resources for the interview panel in selection of MBA candidates, MBA induction and our Alumni members are also actively sharing their knowledge and their practical experience with the MBA students as guest lecturers. In addition, our Executive Member Mr. Upali Ratnayake was invited as a Guest of Honour to address the Science graduands at their Convocation held at BMICH. We were honoured by the invitation of the Vice Chancellor to attend the University of Colombo International Research symposium, which had many foreign academia visiting the University. An evening reception was held at the College House, which was lit and decorated beautifully.

We made new ground in actively recruiting new members to the Association at the last December where we were given permission to have a registration desk at the MBA Convocation held in BMICH.

During the year we were able to enrol 39 new members to the Association which included members from both the Traditional MBA and the Executive MBA streams. Four members submitted the applications last year, but completed this year. We also introduced a MBA induction program for the new members, which would be a continued in the years to come. The CEO of Sri Lankan Airlines Mr. Vipula Gunathilaka who also joined the Association as a new member gave a brief speech on how MBA helped his international career.

During the month of January 2020, we organized an evening forum with the Cricketing Legend Roshan Mahanama on the theme "Leadership with a Legend" at Hotel Galadari. In February, we organized the annual member fellowship event -MBA Night with Band Black at Hilton Colombo Residencies. It was a glamorous event, with a good participation from the members who enjoyed the fellowship and networking. The Members Night went off till the early hours, with a line-up of attractive prizes for the winners of the raffle draws and various dance competitions.

In March 2020, we had organized to feature one of Sri Lanka's most prominent business icon as "King of Brands", on 31<sup>st</sup> March at the Movenpick Hotel. It was unfortunate, that due to Covid-19 we were compelled to postpone this session .

The Association was active even during the Covid-19, where activities were on stand still. We were one of the first Associations to organize a successful webinar in early April, which featured prominent business leaders from apparel industry, tourism along with veteran bankers and IT professionals to hear out their plans post Covid-19. This was our Association's first international session, where out of 5000 + views, 10% was from overseas investors. We were also able to assist our Alma Mater by requesting our membership to come in as guest lecturers on video calls to share their experience with the undergraduates. We were humbled by the response by our members, not just from Sri Lanka, but from overseas countries such as USA and Australia.

In addition, the Vice Chancellor officially wrote to the Association requesting assistance to help the undergraduates who are facing financial difficulties during the Covid -19 pandemic. The Executive Committee approved Rs. 100,000 and we also made an appeal to our membership for donations. We were overwhelmed with the response, where we were able to collect Rs. 505,000 for the University Distress Fund.

This year we took the initiative to rebrand our Association's logo, as we believed that it needs to change with the times. It took long hours of deliberating, selecting a brand which echoed the brand values of knowledge, wisdom, growth. A simple, modern, minimalistic logo was created, to ensure that in our marketing communications, the brand would have a top of the mind recall ability in the public's eye .

We also were active in our media communications in press, electronic and social media during the year. A special Thank you to our Media Partners - Nisthar Cassim, Editor Daily FT, and Mr. Chrishantha Jayasinghe - Managing Director Sarva for the creatives.

Overall, a challenging year, but we made our presence and contribution felt to the University and to the Nation.

## ANNUAL PLANNING SESSION

The annual planning session focused on finalizing the roadmap of the events and activities for the executive committee year of 2019/20. The session commenced with corporate trainer Priyanga Dassanayake conducting the team building session using LEGO Smart Play based 3D models under the theme "Serve the Nation". Soon after, the President opened the planning & strategy session with the proposed agenda and invited each executive committee member to introduce themselves to get to know each other.

The President unveiled her plan and the theme for the year "Serving the Nation with Pride". The concept highlighted that the MBA Alumni Association of the University of Colombo (MBAAA) would endeavor to play an active role in shaping the destiny of our motherland. MBAAA would engage with other professional bodies to ensure that our voice is heard, where important national priorities are discussed with regulators and steps implemented to create a better future for our children. This year emphasis was placed on adding a new program to the already existing successful event portfolio of the alumni, comprising of the pre & post budget forum and management conference. Changing the existing logo to a more prominent one inculcating the key attributes of the alumni such as good governance, wisdom and professionalism, was discussed in length with the executive committee deciding unanimously to move the process forward. Other key focus areas of the forum included the following:

- Team Building
- Three Year Plan, Strategy and Implementation
- Member Engagement & Development

A comparative study of the MBAAA vis-à-vis international university alumni's and local alumni's were presented by Vice President Boshan Dayaratne. Each of the past project chairs of the previous year was also given an opportunity to share their experiences and the lessons learnt.

The forum featured youth representatives of leading political parties such as the United National Party (UNP), Sri Lanka Podujana Peramuna (SLPP), Janatha Vimukthi Peramuna (JVP), Tamil National Alliance (TNA) and Democratic People's Front (DPF). The new members were informed of the importance of being an alumni member and the role played by the alumni in its vision of becoming the first choice in Business Governance. The forum was structured to help new members to understand the Association, the values entrusted as members, and how they can contribute in driving the Association to achieve its mission.

This is the occasion when our members get together annually to celebrate, to renew friendships, and enjoy a well deserved outing with their spouses.

The organisers had gone to great lengths to arrange an evening with music dancing gifts, food and drink a raffle draw, exhibition dancing from ADC Dancing Cycle and many other surprises. The food was very tasty and in plenty as were the drinks. They had obtained several sponsorships for the evening.

Two participants were chosen MBA King and Queen.

The MBA Night committee was headed by Co-chair Chathura Siyambalapatiya and Co-chair Senaka Ekanayake with other amazing committee members; Saranga Wijeyaratne, Chandima Samarasinghe, Dulanjje De Silva, Ranjan Dissabandara, Manohari Abeysekera, Ranga Ratnanyake, Suraj Radampola, Upali Ratnayake, Eshani Thenuwara, Chamila Cooray, Prabath Kaushallya, Sameera Wickramarathna, Prashan Costa, Anusha Wijegunaratne and Lasantha Ferdinando.

This evening forum was under the theme "COURAGE & CLASS" : CLOSE ENCOUNTERS WITH LEADERS & LEADERSHIP which was made open for MBA Alumni members and non-members to take part.

Roshan Mahanama who is also a great speaker touched upon key areas applicable for today's corporate world such as Target orientation, survival, prompt decision making, flexibility, Can do attitude, being visionary, Thriving, Work Life Balance, Charisma, Personal Branding and valuable leadership lessons to many corporate leaders and leaders to be. The event was mainly based on an initial presentation by Roshan Mahanama followed by a Q&A by Nisthar which was extremely an engaging session.

Not only the event was a success with over the expectation of attendees but also valued and appreciated by many based on the post event feedback. Not only that, was also a mega opportunity for many to network after the event.

There were a few pillars behind the success of the event namely Dulanjie De Silva, Upali Ratnayake, Sameera Wickramarathna, Vidushan Premathiratne, Suraj Radampola & Jude Silva and many others supported in different ways.

Also the main sponsors of the event were HNB Bank, HNB Assurance, Akbar Brothers and CPM Sri Lanka without whom the event would not have been a success.

## CONTRIBUTION AND ENGAGEMENT WITH THE UNIVERSITY

**// Your Committee has always emphasised the value of a close affinity and linkage it should have with the University. //**

*Snr. Professor Chandrika Wijeyaratne*

This year we were fortunate because we had six occasions for collaboration. A very important event in the University calendar is the Annual Research Symposium which was held in November 2019. The EXCO was invited to participate in the proceedings and later at fellowship and dinner. College House was specially decorated for it with several marquees and with music. We were invited to the Vice Chancellor's Table.

The EXCO was also invited to the inauguration of the incoming MBA batch in September where the President Abeyssekara addresses the students. Annually the Dean of the Management Faculty invites the EXCO to assist the University at the interviews of new candidates. This year too in November we had the honour of joining the lecture panel in this exercise.

We also, for the first time were present at the Annual convocation to meet new students and invite them to join the Association. Several newly graduated MBA's joined the Association as new Members. A induction ceremony was held in January to welcome them. When the Faculty wanted a venue for their Marketing Seminar, we were able to arrange The Lakshman Kadirgamar Institute for it.

Finally, when the University asked the EXCO to make "an inspiring speech" at the June Undergraduate Convocation, Upali Ratnayake undertook the role to their satisfaction. The EXCO is greatly pleased with the University because they readily make space available for our meetings. The EXCO usually meets monthly at the Board Room of College House. This year College House was given a much needed face-lift making it very impressive to a visitor.

## GIVING BACK TO OUR ALMA MATER - DURING COVID -19

When the Covid-19 pandemic struck, one of the first requests we had from the University was requesting the Alumni membership to come forward as guest lecturers to carry out online webinars to the undergraduates and how to deal with Covid-19, the new normal.

With this request, we appealed to our membership to come forward, and we were pleasantly surprised with the response from our membership, both overseas and local who volunteered to share their time and knowledge with our undergraduates.

We were also one of the first Associations to carry out a free Webinar on the impact of the Covid-19 in early April, with leading CEO's from banks, apparel, tourism, IT along with a Senior Economist, which had global viewership. This webinar was also an opportunity for the undergraduates, academia of the University to listen to leading professionals as to how they are planning to overcome Covid-19 setback. The session was prominently featured on leading newspapers/ University of Colombo webpage /social media.

**Rs 505,000/-**

In May, the Vice Chancellor wrote to us, stating that the undergraduates are facing hardships as the landlords are demanding the full rentals. In addition, although the University has taken initiative to conduct on-line classes, some underprivileged students do not have computers and other resources etc. The Executive Committee agreed to contribute Rs.100,000 from the Association Funds, and we took the initiative to raise funds from the Membership. We closed the fund on 31<sup>st</sup> May, collecting Rs 505,000 to the University Distress Fund.

The Association also using our media contacts, were able to publicize Vice Chancellor's letter to draw attention on the hardships faced by the undergraduates. This resulted in donors coming forward to assist the University. The Association also has linked the University with Google Cloud India/Sri Lanka to strengthen technical digital collaborations, as technology would be a key driver in a digital social distanced world which we need to get accustomed to

## MONTHLY EXECUTIVE COMMITTEE MEETINGS

The Executive Committee (Exco) meetings are held every Thursday, on the second week of each month. The activities of the MBA Alumni Association of University of Colombo are planned, evaluated and implemented at each meeting.

The Executive Committee comprises of MBA Alumni members with a diverse range of industry expertise and experience, in both public and private sectors. The main purpose of the Exco is to serve the interest of the membership and their stakeholders. They do so by contributing to the growth and development of the Colombo University MBA Program, partnering in the country's economic & social development and contributing to the national education initiatives. The Exco also aims to build and promote businesses, and cultural relations with other Associations having a similar purpose here and overseas. Many initiatives are also implemented to improve the professional and personal life of the membership.

A strong relationship is established with the faculty, to ensure that the University of Colombo MBA Program continues to preserve its supremacy as a leading MBA Program in Sri Lanka.

The monthly meetings were held at the Faculty of Management & Finance. Few Meetings were also held at Board Room - College House of the University of Colombo with the guidance of the Vice Chancellor and the Registrar. Twelve Exco meetings was held during the year 2019/20 and the minutes were circulated by the Secretary after each meeting.

The Exco meeting is structured in accordance with a preplanned agenda that commences with the President's welcome address. The Vice Chancellor, Dean of the faculty and Coordinator of the MBA Program, also addresses the gathering in the event of their presence at a meeting. Monthly finances are presented by the Treasurer to assess the financial position of the Association.

All projects and activities of the Association are also assessed. The project chairs present the progress of each of their committee activities to the Exco. After careful evaluation, the project report and the budget is approved by the Exco prior to execution.

All Exco members are treated equally and have equal rights in decision making. All resolutions at the Exco would be passed either unanimously or by majority preference. The decisions taken by the Exco would be treated as final.

## MEMBERSHIP DEVELOPMENT AND COMMUNICATIONS

The membership development and communication strategy focused on creating awareness about the Association and driving a broader engagement among the membership. The focus was also directed at enhancing the membership of the Association by the enrolment of new members from the graduating batches during the year.

The membership development and communications teams participated at the inauguration and graduation ceremonies of both the weekday and weekend groups. A total of 39 new members as per accounts joined the Association during the financial year.

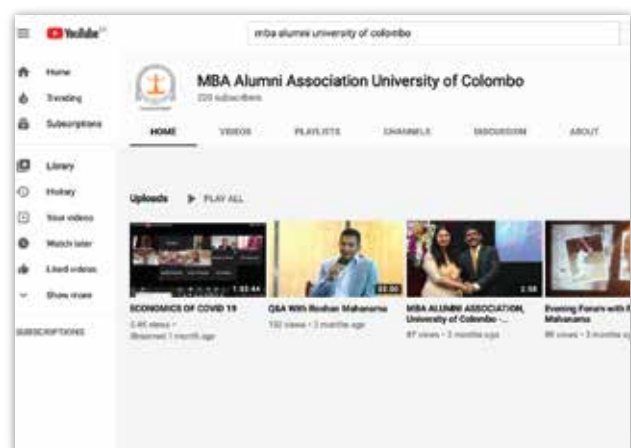

The first ever member induction day was hosted to formally welcome the new members enrolled within the year 2019 and integrate them into the MBA Alumni fraternity. The annual newsletter was published during September 2019 to communicate the appointment of the new executive committee, member events and the achievements of alumni members. Social media engagement was also broadened to drive more traffic towards the Association activities and platforms.

The MBA Alumni Association of the University of Colombo conducted an online survey of their membership during the month of August and September 2019. The survey was piloted with the objective of gaining a broader insight into the desires of the membership. The survey resulted in receiving feedback from the membership on the satisfaction levels of the programs conducted and nature of the requirements for future activities. The questions were varied to cover a diverse range of topics, and was presented in multiple formats. The questions were also planned and structured strategically to receive the most accurate responses.

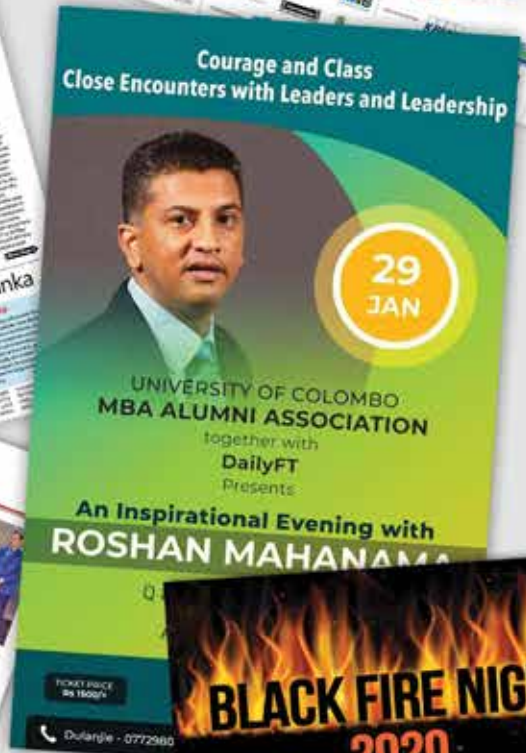

The survey received 114 responses. Survey results provided a snapshot of the attitudes and behaviors – including thoughts, opinions, and comments about the target survey membership. This valuable feedback became the baseline to measure and establish a benchmark from which to compare results of the past initiatives and plan the events for the year. Networking, personal development and trainings from institutes were uncovered as key learnings. CSR projects also was highlighted. The implementation of survey was carried out by Dulanjje De Silva and Suraj Radampola.

The membership engagement committee was led by Boshan Dayaratne and Prashan De Costa, whilst Dulanjje De Silva and Pubudu De Zoysa co-chaired the membership development committee. Digital communication strategy was headed by Suraj Radampola and Neil De Mel. The Newsletter committee was spearheaded by Upali Ratnayake.

### INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF MBA ALUMNI ASSOCIATION, UNIVERSITY OF COLOMBO

#### Report on the Audit of the Financial Statements

##### Opinion

We have audited the financial statements of, MBA Alumni Association, University of Colombo which comprise the statement of financial position as at 31<sup>st</sup> March 2020, and the statement of Income and Expenditure, statement of cash flows for the period then ended and notes to the financial statements including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Association as at 31<sup>st</sup> March 2020 and of its financial performance and its cash flows for the period then ended in accordance with Sri Lanka Accounting Standards.

##### Basis for opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards (SLAuSs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Association in accordance with the Code of Ethics issued by CA Sri Lanka (Code of Ethics) and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

##### Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with Sri Lanka Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Association's financial reporting process.

##### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SLAuSs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SLAuSs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

#### **Report on other legal and regulatory requirements**

We have obtained all the information and explanations that were required for the audit and, as far as appears from our examination, proper accounting records have been kept by the Association.

CA Sri Lanka membership number of the engagement partner responsible for signing this independent auditor's report is [2269].

## THEME FOR THE YEAR 2020 -2021

### "Embracing the Agile Revolution"

The business environment is undergoing a revolution at an unprecedented scale. It is not the entities that are smart or strong that will survive, but the most dynamic and agile; they will thrive. This is a paradigm shift of a colossal proportion. In a fully agile entity, an employee will be recognized for his outcome and contribution, rather than how many hours he clocked inside an office cubicle. As a professional Association, it is our prime duty to be resilient and support the Nation, our Alma Mater, and the members of our Association, to accelerate this groundbreaking agile revolution towards success.
